

DIRECTIONS FOR CLEANING DIRTY EVAPORATORS:

This product must be used in accordance to the following directions by HVACR professionals only.

1. Although Evap-Green is non-hazardous and is made with all natural ingredients, we recommend following industry standards by wearing goggles, gloves, and other protective garments when using this product.
2. System must be shut off.
3. Apply using any of the Nu-Calgon sprayers or other durable, low pressure plastic sprayers.
4. Prepare cleaning solution by mixing one part Evap-Green to three parts water. Add the water to the sprayer first, and then add Evap-Green.
5. Spray cleaning solution onto the dirty evaporator. Rinsing is not required, particularly where there is sufficient humidity being condensed from the ambient air to provide a rinsing action.
6. Return system to service.
7. Rinse out sprayer, spraying wand, and nozzle.
8. When container is empty, rinse, replace cap, and dispose of properly.

WARNING

Causes serious eye irritation.

PREVENTION: Wash thoroughly after handling. Wear eye/face protection.

RESPONSE: If on skin: Wash with plenty of water. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash it before reuse. **If in eyes:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Inhalation: If symptoms develop, move victim to fresh air. If symptoms persist, obtain medical attention. **Ingestion:** If swallowed: Rinse mouth. Do NOT induce vomiting. If symptoms develop, obtain medical attention.

STORAGE: Store away from incompatible materials.

KEEP OUT OF REACH OF CHILDREN.

DISPOSAL: Dispose of contents/container in accordance with local/regional/national/international regulations. For ingredient disclosure, contact Nu-Calgon at 800-554-5499.

VERSATILE SOLUTION:

Clean the outdoor coil unit with Evap-Green - a natural, environmentally friendly coil cleaner. This non-foaming, non-toxic cleaner is outstanding for removing the dirt and grime that hinder heat transfer of any coil design. **Meets OEM specifications for cleaning aluminum tube/fin and microchannel coils.**

SAFER FOR DIRECT RELEASE INTO THE ENVIRONMENT - may be released into aquatic environments such as oceans, seas, lakes, rivers, creeks, ponds, ditches, sewers, drains, wetlands and all other waterways as well as dry lands, when the treatment and/or collection of wash water is impractical or unachievable. For more information on the Safer Choice recognition, visit www.epa.gov/dfesaferchoice.
