

4179-01

 Nu-Calgon

**Revolutionary housing that can fit the standard 16g cartridge
or the larger 20g cartridge for 25% more clearing power!**

Clear drain lines with the power of the 20g CO₂ cartridge included here!

4179-01

SUPERIOR CLEARING POWER

The Gallo Gun® is a lightweight portable tool designed to blow out clogged or slow-moving drain lines instantly.

REVERSIBLE DUAL FIT CARTRIDGE BASE

The patented housing will fit either the MAG 20 or MAG 16 cartridges. Simply unthread the reversible dual fit base, flip 180 degrees, and re-thread to the housing to fit the MAG 20 or MAG 16 cartridge of your choice.

Revolutionary reversible cartridge housing design!

Simply unscrew and flip the dual fit cartridge base 180 degrees to fit the 20 gram cartridge or the 16 gram cartridge!

HEAVY DUTY TOOL DESIGN

The all-metal trigger system and custom molded body on the Gallo Gun® ensures this tool will outlast any other injector on the market.

LIGHTWEIGHT AND COMPACT

The Gallo Gun® packs powerful cleaning power into a small, lightweight package. This prevents the need for carrying heavy nitrogen tanks.

FLEXIBLE HOSE ASSEMBLY

The flexible easier-to-use hose assembly enables you to maneuver through cabinets, coils, and hard-to-reach drains.

INSTRUCTIONS FOR USE: For use by HVACR professionals only.

1. Remove the metal trigger from the cartridge housing.
2. Insert the CO₂ cartridge in the Gallo Gun® housing.
3. Replace the metal trigger on the housing making sure the threads are starting in correct alignment.
4. While holding the Gallo Gun® with the cartridge in an upright position (the tip of the cartridge facing upward), screw in the trigger until the cartridge just contacts the puncture pin, and then quickly and firmly twist it in until it stops. This will prevent loss of CO₂ gas.
5. Make sure the fittings on the hose are screwed in hand tight to seal, and the nozzle is placed correctly and held in place firmly in the line to be cleared.
6. Press the trigger button firmly for about one to two seconds for a burst of CO₂ to clear the drain.

AVAILABLE CARTRIDGES FROM NU-CALGON

Mag20 P/N 4179-20: 20 gram CO₂ cartridge
Mag16 P/N 4179-16: 16 gram CO₂ cartridge
