WARNING
Harmful if swallowed, harmful in contact with skin.
RESPONSE: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. IF eye irritation persists: Get medical advice/attention. IF ON SKIN (or hair): Rinse skin with water/shower. IF INHALED: Remove victim to fresh air. IF SWALLOWED: Immediately call a doctor/physician. Rinse mouth. Do NOT induce vomiting.

KEEP OUT OF REACH OF CHILDREN
Dispose of contents/container to an approved waste disposal plant.

The PurCool Pan Strip should be cut no smaller than 1" in length.
For systems under 30 tons, the PurCool Pan strip can be cut to size for treatment in smaller systems.

1. Remove the yellow PurCool Pan Strip from the package.
2. Locate proper placement for the PurCool Pan Strip within the condensate pan.
2a. The PurCool Pan Strip should be away from the drain line opening and in a location where it will achieve maximum contact with the condensate.
3. Place the PurCool Pan Strip in the condensate drain pan so that it sits flat on the bottom of the pan.
4. Replace the PurCool Pan Strip after 4-6 months.

For use by HVACR professionals:
If the pan is noticeably clogged, first use the Nu-Calgon Gallo Gun to clear the clog before placing in the PurCool Pan Strip.

- Dissolves Completely
- Safe for Metal and Plastic Drain Pans
- Can be Cut for Lower Tonnage Units
- Improves Indoor Air Quality

- Prevents Condensate Pan Overflows
- Maintains Free Flowing Drains
- Lasts Up to 6 Months
- Eliminates Drain Pan Odors
