RESPONSE: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. **IF eye irritation persists:** Get medical advice/attention. **IF ON SKIN (or hair):** Rinse skin with water/shower. **IF INHALED:** Remove victim to fresh air. **IF SWALLOWED:** Immediately call a doctor/physician. Rinse mouth. Do NOT induce vomiting.

KEEP OUT OF REACH OF CHILDREN

Dispose of contents/container to an approved waste disposal plant.

The PurCool Pan Strip should be cut no smaller than 1" in length.

For systems under 30 tons, the PurCool Pan strip can be cut to size for treatment in smaller systems.

1. Remove the yellow PurCool Pan Strip from the package.
2. Locate proper placement for the PurCool Pan Strip within the condensate pan.
3. Place the PurCool Pan Strip in the condensate drain pan so that it sits flat on the bottom of the pan. achieve maximum contact with the condensate.
4. Replace the PurCool Pan Strip after 4-6 months.

2a. The PurCool Pan Strip should be away from the drain line opening and in a location where it will not clear the clog before placing in the PurCool Pan Strip.

Directions:
For use by HVACR professionals.
If the pan is noticeably clogged, first use the Nu-Calgon Gallo Gun
